## **ABOUT US:**

Our company is professional in manufacturing outdoor lightings such as stainless steel lights, wall lights, projection lights, lawn lights, garden lights, underground lights, under-water lights, street lights etc.

Our company, established in June 2006, is an up-and-coming youngster in illumination industry, but our engineers have more than 10 years experience in illumination industry. We have favorable quality control capacity and powerful potential productivity, and our products can conform to the requests of CCC, CE, GS, UL, RoHS etc. Many big companies cooperate with us by OEM or ODM types for we are very reliable to provide high quality but low price products. Be sure, we are the good partner to Trade Companies and wholesalers!

We are expecting your attention and welcome your cooperation.
